SMART Board™

Interactive Whiteboard

Interact

Touch the Board to control any computer application.

Focus

Highlight key information with electronic ink.

Create

Write notes, draw diagrams and illustrate ideas.

Capture

Save, print or e-mail notes.

Simplify

Work naturally with familiar, easy-to-use tools.

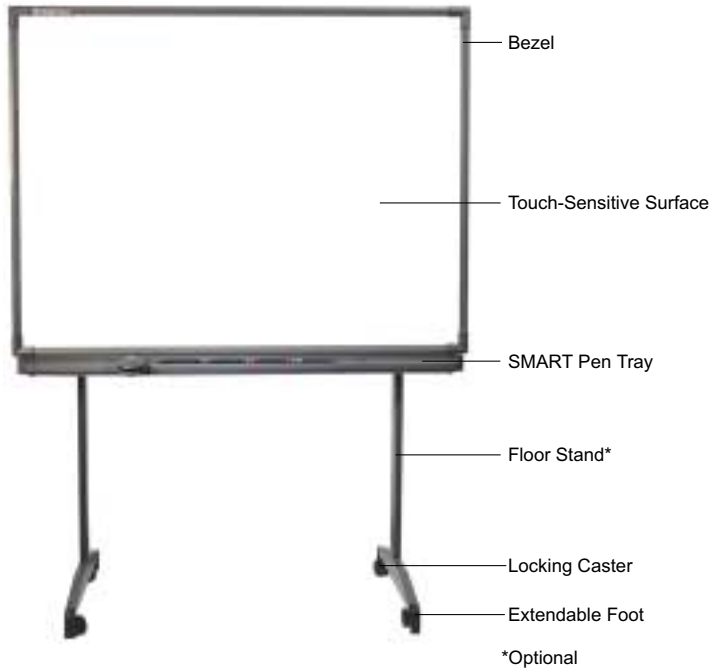

The SMART Board is an interactive whiteboard that turns any computer and projector into a powerful tool for teaching, collaborating and presenting. With a computer image projected onto the Board, you can simply press on its large, touch-sensitive surface to access and control any computer application. Using a pen from the SMART Pen Tray™, you can work naturally at the Board to take notes and highlight important information.

The SMART Board is compatible with all major operating systems and is powered by award-winning SMART Board Software. With this feature-rich interactive whiteboarding software, you can write over top of any application and save, edit and e-mail your notes. Whenever you meet, teach, train or present, the SMART Board helps your group save time, increase interactivity and improve communication.

SMART
Technologies Inc.

Front View (with Floor Stand)

Profile (with Floor Stand)

Touch-Sensitive Surface – Resistive technology allows you to use your finger as a mouse or write using any tool from the SMART Pen Tray on this durable, low-reflective surface

SMART Board Software – SMART’s award-winning interactive whiteboarding software is available for multiple operating systems and in multiple languages. For a complete list of compatible operating systems, visit www.smarttech.com/customers/software.htm.

SMART Pen Tray – Optical sensors detect when a stylus or eraser is selected while buttons activate the on-screen keyboard and right-mouse click. LEDs indicate which tool is active. Whisper-tip™ styluses and eraser included.

Projected and Non-Projected Modes – Use with a projector to display and interact with computer materials or use in non-projected mode and capture dry-erase marker notes

OptiPro™ – Optional screen surface optimized for use with high-lumen projectors. (Not for use with dry-erase markers.)

Bezel Finish – Textured, graphite-gray surface

Wall-Mount Bracket – Dovetail design supports the SMART Board when wall mounted

Warranty – Two years, parts and labor

Optional Accessories

Floor Stand – Lightweight and mobile, with adjustable height, durable locking casters and extendable feet for added stability

Table Stand (540) – Holds a SMART Board 540 firmly upright on a flat surface

Carrying Bag – Safely package, store and carry a SMART Board

Wall-Mounted Cabinet – This stylish hardwood cabinet seamlessly integrates the SMART Board 560 or 580 into your room. Custom finishes are available.

Extended Warranty – Third-year extended warranty available

Requirements

Computer – Any computer with a USB or serial connection

Projector – Any computer projector

SMART Pen Tray
